Big Damage Suit Decided in Circuit Court This Morning.

This Amount Awarded the Administrator of a Boy Killed by Cars in Mechanicsburg

CASE HAD BEEN ON FOR SEVERAL DAYS

The Troutman, administrator of Harry Watson, suit against the I. C. railroad for \$30,000 damages, was given to the jury late in the forenoon today.

The evidence in the case was finished yesterday afternoon late and the attorneys then took the argument. The last speech was made this morning just before 12 o'clock, and the jury took the case just at noon. It has been a hard fought case.

Watson was killed in the Sowell mill yards several months ago while standing near a pile of staves. A car struck the staves, after it had been derailed, and knocked them down on the unfortunate boy, killing him instantly. The coroner's inquest resulted in a verdict to the effect that the boy had met death in the above mentioned manner, and that the death was due to the gross negligence and carelessness of the engineer in charge of the engine, who was charged with having been running too fast.

About 2:30 o'clock this afternoon the jury brought in a verdict for \$18,000, which is one of the largest ever rendered in this court. Attorney L. K. Taylor was attorney for the plaintiff and made a splendid fight, as shown by the result.

The cases of N. Gunther and others against M. Rosenblatt and others; J. I. Peeler against James Pryor and others; Jennie Downs against Pace, administrator; R. M. Myles against Western Union Telegraph Co. and Morgan Bowerman against the Paducah Gas and Light Co., were by agreement continued.

At press time the case of Electra Griffin against the Louisville Press Association, suit for \$15,000 damages, had been called.

F. G. Rudolph has been appointed the administrator of the estate of Mary A. Bishop.

EXCITING TIME

Quite a Sensation Reported From Smithland Today.

Negro Girl Assaulted a White Girl and Almost Caused Bloodshed

Reports from Smithland today indicate that there was a lively time there last night. Yesterday afternoon, it appears, a big negro girl named Turley assaulted a small white girl, the daughter of John Want, a well known citizen. She scratched the little miss' face and tore her lip, and when arrested a white man went the negro's bond, knowing nothing of the facts.

Coming from the court house, the girl was with two negro men, and John Want, father of the little girl, gave the negress a good slapping, and the men attempted to interfere, when several guns were drawn and poked into their faces. Trouble was averted, and afterwards things got so hot that the bondsman gave the girl up, and later on everybody quieted down and the trouble ended.

Captain Henry Bailey Returned From Indianapolis Empty Handed.

Governor Durbin Would Not Give Up Charles St. Clair, Who is a Power There.

A HOT ROAST FOR LOCAL OFFICERS

Captain Henry Bailey of the night police force returned this morning early from Indianapolis, where he went last Saturday night after Charles St. Clair, the man arrested here during the carnival for setting up a game on Broadway near Fourth.

Captain Bailey had an eventful trip, and after going to Frankfort and procuring a requisition for St. Clair proceeded to Indianapolis.

When he made himself known, the chief of detectives was very courteous, but informed him that in his opinion, there was no chance of getting St. Clair, who had been arrested and released on bond. He said that St. Clair was worth about \$100,000, and was backed by every gambler in the city. He was a power and had a pull.

"You might as well have come here to get Gov. Taylor," he said.

Captain Bailey was introduced to St. Clair's lawyer, and the latter said that his client would like to compromise the case. Captain Bailey telephoned to County Attorney Eugene Graves and received a reply that if St. Clair would pay \$500 and expenses the matter would be dropped, or words to that effect. After a consultation with St. Clair the attorney notified Captain Bailey that they wouldn't pay a cent, but would fight the case.

Commonwealth's Attorney Bradshaw afterwards telephoned not to compromise at all, but to employ a lawyer if necessary.

The requisition was presented, but Gov. Durbin was at West Baden, and no action was taken until he returned the following day. He then consented to hear the case. Captain Bailey had the papers and presented them, but a crippled man named Gardner who was here with St. Clair testified that they paid \$35 for the privilege of running the game, \$10 being for police protection. Captain Bailey denounced this as a lie, but was told by the governor that his statement would be heard later.

It seems that the telegram of the county attorney also figured in the case. A speech was made by one of the Indiana attorneys in which the Kentucky authorities were skinned unmercifully, and referred to as "body snatchers."

The governor concluded that an effort was being made only to get St. Clair here and skin him for the benefit of a few officials, and he refused to honor the requisition.

The whole thing had a tinge of the ludicrous about it to Captain Bailey, who was only sent there after St. Clair, and had no further interest in the matter.

When he started home some of St. Clair's crooked partners frankly informed him that even if the prisoner had been turned over to him he would never have been allowed to leave Indianapolis with him.

RETURNED FROM LEXINGTON. Sheriff Lee Potter this morning returned from Lexington where he took the several colored boys to the reform school. Mr. Eugene Graves, who accompanied him, stopped off at Louisville and will attend the big Elk reunion.

WILL BE SOMETHING DOING

Trouble Feared Over Reported Fav- ors to Prisoners.

No Report Has Yet Been Made to the Mayor, However.

There is trouble brewing at the city hall, if indications count for anything. It seems that the chain gang overseer, according to the claim of Lockup Keeper Menifee, has been allowing some of the prisoners to go home Saturday night and remain over Sunday. In this way the lockup keeper is knocked out of a day's compensation for feeding them, in addition to running the risk of losing the prisoners entirely if they take a notion to escape.

Marshal Crow said in regard to the matter that he did not know what will be done, but no such authority was invested in the chain gang boss, and the matter would be investigated.

Mayor Yeiser stated that nothing whatever had been said to him, and that it was the first he had heard of it. It is alleged that four prisoners were allowed to spend Sunday at home, and that Frank Eich had been allowed to spend the night at home for some time.

CONVENED EARLY.

THE PHILIPPINES WILL BE DISCUSSED BY THE SENATE TODAY.

Washington, D. C., May 29.—The senate convened at 11 o'clock this morning in order that additional time might be afforded for the discussion of the Philippine bill.

A joint resolution was reported and passed authorizing the secretary of war to deliver to the governor of New Jersey such condemned bronze cannon, not exceeding 15,000 pounds in weight, as might be necessary for the construction of the equestrian statue of the late Major General William J. Sewell.

INFERNAL MACHINE.

London, May 29.—A dispatch to the Central News from St. Petersburg, dated Tuesday, May 27, says:

"Secret service officers arrested a young woman at Tsarkoe-Selo, the summer residence of the czar, yesterday, carrying an infernal machine concealed in a handkerchief. The identity of the woman has not yet been established."

KANSAS IS FOR ROOSEVELT

Kansas Gives the President an Enthusiastic Indorsement.

The Ticket Nominated by Republicans is a Good One.

Wichita, Kas., May 29.—The Republican state convention last night nominated the following ticket:

Governor—Ex-Congressman W. J. Bailey of Baileyville.

Lieutenant governor—D. J. Hanna, Hill City.

Secretary of state—Joseph H. Barron, Smith Center.

Auditor—Seth G. Wells, Erie.

Supreme justices, six year term—H. S. Mason, Garden City; J. C. Pollock, Arkansas City; A. T. Greene, Newton.

Supreme justice, four year term—A. B. Ellis, Beloit.

Supreme justice, two year term—F. W. Cunningham, Emporia.

Congressman-at-large—C. S. Scott, Lola.

The feature of the convention was the strong Roosevelt sentiment.

The friends of Mr. Bailey controlled the convention from the start and began by electing as temporary chairman Geo. F. Cole.

Congressman Long, one of the leaders of the fight in the house for the Cuban reciprocity bill, made a speech in which he said:

"The Cuban reciprocity bill has passed the house and it will pass the senate or there will be an extra session of congress. If there is an extra session my friends in the Fifth district must prepare to take care of my campaign, for we will stay here until it has passed, and President Roosevelt, our leader now and our leader in 1904—he got no further. The convention cheered and cheered again. Long stood still while the delegates shouted. 'Your hearts are right,' he said finally.

"I told President Roosevelt when I left Washington that Kansas was with him all the time and I think he will know it as we do now. Roosevelt is right now, and he always was right. He is right because God made him so."

Senator Burton, who until recently opposed the President's reciprocity policy, told the convention that reciprocity was right and necessary, but no home industry should be injured. A bill is now being formulated at a substitute for the house bill, which substitutes would be satisfactory to all interests, he said.

CONGRESSMAN WHEELER'S TELEGRAM

The Plans for the Government Building Addition are Complete.

It Will be a Beautiful Structure and Work Begins in Sixty Days on it.

CONGRESSMAN WHEELER'S TELEGRAM

Postmaster F. M. Fisher this afternoon received a telegram from Congressman Charles K. Wheeler stating that the plans for the \$90,000 addition to the government building here have been completed and approved, and that it will be a most beautiful structure when completed.

The message also stated that work will begin within sixty days, without fail, which is much sooner than was expected.

The work will require several months, as the building is to be of stone, similar to the present building, and will require considerable time.

The bill carrying the improvement was passed a short time ago, and day before yesterday received the president's signature.

TENNESSEE DEMOCRATS

The State Convention Held at Nashville Today.

Hon. James B. Frazier of Chattanooga Was Nominated for the Governorship.

Nashville, Tenn., May 29.—The Democratic state convention to nominate candidates for governor and railroad commissioner for the Middle district of Tennessee was held here today, the delegates assembling in the capitol at noon and being called to order by Chairman Fitzpatrick of the state committee. After the appointment of permanent officers and the usual committees the convention proceeded to its work, which was characterized by the utmost harmony, there being no contests for the two nominations to be made. Hon. James B. Frazier of Chattanooga received the gubernatorial nomination, and Hon. J. N. McKenzie was named for railroad commissioner.

The judicial state convention assembles tomorrow, and the same delegates for the most part will serve in both conventions. The convention will nominate five candidates for judge of the supreme court and three candidates for judge of the court of chancery appeals. The ticket, so far as the supreme bench is concerned, is settled. Justices W. K. McAllister, J. S. Wilkes and W. D. Beard will be renominated, Messrs. J. K. Shields and E. M. Neil completing the list. Judge F. M. Wilson and R. M. Barton have no opposition for reelection to the court of chancery appeals, and thus the only contest is for the place of the remaining member of the court. This position is sought by Judge John M. Taylor of Lexington and Hon. E. S. Mallory of Jackson.

SPANISH CABINET CRISIS.

CANALEJAS RESIGNS AND IS FOLLOWED BY THE ENTIRE MINISTRY.

Madrid, May 29.—A crisis in the cabinet has occurred. At the meeting of the cabinet today Senor Canalejas, the minister of agriculture, insisted upon the necessity of convening the chamber immediately to discuss the religious question. The other ministers opposed this proposal and Senor Canalejas resigned. After this action the remainder of the cabinet placed their portfolios at the disposal of Senor Sagasta, the premier, to enable him to solve the difficulty.

Bangor, Me., May 29.—Admiral Schley is in Bangor to deliver the Memorial Day address tomorrow. Veterans and their friends are here from near and far, and the crowd promises to be one of the largest in the history of the city. As the largest hall in the city can accommodate but 3,500 persons, it is proposed, should the weather be fair, to hold the exercises in Centre Park.

IT WAS LIVELY

Two Men Well Known Here Had a Bloody Mix up.

Mr. Peter Arlund Says Mr. Tom Leonard Must Sell or Buy out, Certain

The Louisville papers give elaborate accounts of a fight, or rather two fights, in the Equitable building between Peter Arlund, who "promoted" the iron furnace here a little over a year ago, and Tom B. Leonard, formerly assistant superintendent of the street car company here. It seems they are both officers in the "Southern Financial and Investment Company," and Mr. Leonard claims that Mr. Arlund came in the office drinking, as he often did, and made such offensive remarks that he finally told him he would have to desist. Arlund then threw an inkstand at Leonard and cut him on the forehead, and Leonard got Arlund down and put his foot on his neck, at the same time lifting a huge spittoon with which to strike him.

Judge Gordon, who heard in his office across the hall the crashing glass and general racket resulting from the fight, rushed in in time to prevent further trouble, but both men were very bloody.

Mr. Leonard later returned, and hostilities were renewed, and Leonard chased Arlund down stairs with a chair. It seems Mr. S. N. Leonard of Eddyville is interested financially in the company, and placed there his son, Tom. Arlund says it is a case of buy or sell; that no company is now large enough to hold both him and Leonard.

DISTINGUISHED FRENCH VISITORS TO LEAVE NEW YORK.

New York, May 29.—General Brunere, Admiral Forniere and their fellow members of the French commission began the last day of their visit in New York with a breakfast at the home of Whitelaw R. Reid this morning. As a climax there is to be a brilliant banquet at Delmonico's this evening under the auspices of the Friendly Sons of St. Patrick. Included among the speakers are Bourke Cochran, Archbishop Ireland and Judge James Fitzgerald. Tomorrow the party is to go to Newport to decorate the grave of the French admiral, De Ternay, who successfully brought French soldiers to this country in the time of the Revolution, eluding the English warships which were scouring the ocean to capture his expedition.

CASE AFFIRMED

HENON GETS \$600 FROM THE ILLINOIS CENTRAL

The suit of Henon against the Illinois Central has been affirmed in the court of appeals. It was tried in Livingston county. The plaintiff is father of Luther Henon, who lost an arm in an accident at Gravel Switch, and sued for \$15,000, getting a judgment for the entire amount. A new trial was granted on the ground that the verdict was for excessive damages, and at the succeeding trial another judgment was rendered for the entire amount. Another new hearing was granted, and the case comes up again shortly.

Henon's father sued for money he would have received as wages for his son's work, and got a verdict for \$600, which the court of appeals now affirms. Hendrick and Miller of the city were attorneys for Henon.

SHAH GOES VISITING

Elaborate Preparations Made in Berlin to Entertain Him.

A Large Number of State Functions to be Held in His Honor.

Berlin, May 29.—Elaborate plans have been made for the reception and entertainment of the Shah of Persia, who is expected to arrive here within a day or two. A special exhibition of arms, automobiles and electrical machinery has been prepared for his edification. He will spend one day visiting the works of an electrical company in Berlin, another in seeing the vast iron and steel works of Herr Krupp at Essen and a third in witnessing the operation of wireless telegraphy.

There will also be several state functions in his honor. While all these preparations are being made on the most elaborate scale, it is doubtless the secret hope of the state officials and especially those attached to the lord chamberlain's department, that the Persian monarch will not see fit to prolong his stay in the German capital. Of all royal visitors the Shah is perhaps the most unwelcome, not for reasons of state, but because of the fact that he and his numerous suite bring with them all of their oriental customs regarding etiquette and ways of living. Every morsel of food they eat must be prepared by their own chefs and served in their own apartments. As their table manners and ideas of cleanliness are not exactly up to the standard of western civilization in the twentieth century, it is always found necessary after their departure to entirely refurbish and redecorate the luxurious state departments set aside for their use during the visit. It is for this reason that a feeling of misgiving is always mixed with the pleasure attending the welcoming of the Shah at the various courts of Europe.

Tomorrow is Decoration Day, and it will be fittingly celebrated everywhere. In the city there will be no exercises, but the postoffice will be closed except from 9 to 10 a. m. and 5:30 to 6 p. m., and the carriers will make but one delivery.

The banks will also be closed, and there will be a general suspension of public business.

Most of those in the city who observe the anniversary will go to Cairo, Mound City and Metropolis. A number are now at Shiloh to attend the ceremonies there.

TO COUPLED ARBITRATION.

Christiania, May 29.—Registered trades unions' corporate rights are provided for in a bill drafted by a parliamentary committee. The new measure proposes to make contracts between officials of the unions and employers legally binding, and to make arbitration obligatory in certain disputes. Employers seeking to prevent their employees from joining unions will be punishable under the proposed law.

San Francisco, Cal., May 29.—"Kid" Lavigne, the ex-lightweight champion, and Jimmy Britt, the clever California fighter, have completed their work of preparation and are in readiness for their 20 round go before the San Francisco Athletic club tonight. Both appear in good condition for the bout. It is probable the winner will be matched to meet "Kid" Parker.

BRADFIELD'S Female Regulator

The essential quality of powerful herbs, Extracts, Oils, and Salves, in nature, simplicity, and harmlessness in nature, It is a concentrated essence best adapted for women's delicate organism, and put in such form that it is not only palatable, but can be properly assimilated and taken into the system.

PADUCAH ENDORSEMENT IS WHAT COUNTS WITH THE PADUCAH PUBLIC.

You can't fool the public all the time.

They will find you out at last.

Every time a man is fooled.

Another skeptic is made.

Many the remedy that makes the skeptic.

Because it fails to keep its promises.

Doan's Kidney Pills bring renewed reward.

They cure the skeptic.

Plenty of proof of this at home.

Paducah proof for Paducah people.

Here's a case of it.

Mr. R. K. Tilley of 406 South Third street, tobacco packer, with the Allison and Veal Tobacco Co., on North Third street, says: "An aching back to a tobacco packer is not only a nuisance, but it keeps him in misery. Despite all my efforts to cure mine by using household remedies and trying treatments guaranteed by friends and acquaintances, I was unable to check it, let alone cure it, until I procured Doan's Kidney Pills at DuBois and Co.'s drug store, on Broadway. The first box gave me such satisfaction that I bought a second. To say I endorse Doan's Kidney Pills mildly expresses my opinion of that remedy."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

JURY FAILED TO INDICT.

Cadiz, Ky., May 29.—The grand jury of Trigg county has adjourned after a seven-day session. Thirty-five indictments were returned, the smallest number returned by any grand jury for years. All were for misdemeanors.

The jury failed to indict John Thomas, who is in jail on a charge of murder. Eight were for indicting him under that charge and four were for indicting him for voluntary manslaughter. Judge Cook made an order this afternoon continuing Thomas in the custody of the jailer until the next meeting of the grand jury in September.

INDEFINITELY POSTPONED.

Evansville, May 29.—The trial of Former Policeman W. S. Sherwell, who is charged with the murder of three women by strangling them to death while in their company, has been indefinitely postponed.

TO RETIRE HOBSON.

Washington, May 29.—The Senate committee on naval affairs has agreed to report favorably the bill providing for the retirement of the naval constructor Richmond P. Hobson.

WITH THE THEATERS.

Tonight "Mr. Young of Utah," Charles Middleton's comedy, will receive its first production before a Paducah audience, and it is anticipated that a large crowd will witness it.

The comedy, which has been extremely successful in a number of other cities, is an uproariously funny one, full of "ginger," life and movement from start to finish; it illustrates a series of mistakes, incidents and cross-purposes, which multiply themselves in each succeeding act, and the rapid mirth-producing action proceeds continuously until the very last word of the play is spoken. Lovers of fine comedy should not miss this attraction.

There was another large crowd at

The Kentucky last night to witness the closing performance of "The Hunchback of Notre Dame."

The audience was very appreciative and

the performance was the best of the

series. This evening Miss Clara Morris' celebrated "Miss Moulton" will be

presented for the first time, and the

advance sale indicates a large and en-

thusiastic audience.

The couple married on the stage of

The Kentucky do not know how much

notoriety they have come into. The

telegraphic dispatches took the news

all over the country the night of the

marriage, and they will have the

pleasure of seeing their names in print

every time they pick up a paper dur-

ing the next week or two.

Manager J. E. English of The Ken-

tucky says that the report that his

company was going to close is without

foundation, and was started by inter-

ested persons who had an object in it.

He says his company will be playing

to good business here, perhaps, when it

is the only one in southwest Ken-

tucky.

Manager English announces that

cars will wait at Fifth and Broadway

every night for those who desire to re-

turn from his theater on them. Here-

tofore the service has not been good,

but arrangements have now been made

and the cars will be in waiting every

evening.

There will be a matinee at La Belle

park theatre on Saturday afternoon, at

which "Mr. Young of Utah" will be

presented, and as this comedy is un-

usually suited for the pleasure of the

children, they are expected in force.

Prices for the Saturday matinee are

reduced to 5 and 10 cents.

Manager English has taken all the

pictures of his company to the lob-

by of the theater for a few days. He

will distribute them around in the

stores again in a few days.

Miss Jincey Smith will entertain at

cards this evening, complimentary to

her guest, Miss Julia Mahigan of

Clarksville, Tenn.

The Grecian club had an enjoyable

dance at La Belle park last evening.

AMONG THE SICK.

Miss Anna May Yeiser's condition today is not much better and she is still suffering a great deal. She is not yet able to sit up on account of the many bruises. Her many friends will regret to learn that her condition is not more improved.

Mr. Joe Pardew, of the Goekel bakery, is seriously ill and it is thought he is suffering from appendicitis. His many friends will regret to learn of his illness.

Dr. C. H. Brothers is improving after a several days' illness.

Mr. Samuel Plumbe is out after a several days' illness.

Miss Bertie Sears still continues to improve.

Paine's Celery Compound

Will Secure for You the
Health That Other Medicines
Cannot Give.

**IT STANDS FIRST AND HIGHEST
IN PUBLIC ESTIMATION.**

The Use of One Bottle Convincing
the Skeptic and Unbeliever.

The tone, character, and quality
of the testimonials published in favor
of Paine's Celery Compound have
firmly established its position in the
homes of all intelligent and thoughtful
people.

Paine's Celery Compound has al-
ways appealed to the sick and suffering
with honest statements and solid
facts. Some doubters—with honest
purpose—have taken the trouble to
write to, and in many cases have inter-
viewed the writers of published testi-
monials. In every case they have
been thoroughly satisfied, and con-
vinced that Paine's Celery Compound
effected cures that were marvelous,
astonishing and happy.

Paine's Celery Compound claims a
field not successfully filled by any
other remedy known to medical science.
It is the medicine on which the
poor, disappointed sufferer can rely
after all other medicines fail, when
doctors give the patient up as incur-
able.

To the weak, debilitated, nervous,
broken down, and despondent, Paine's
Celery Compound gives a new and
joyous existence. It strengthens the di-
gestive powers, renews the blood, and
acts in the vitalizing, curative, thor-
ough manner that makes it the grand-
est help to suffering men and women
that the world of medicine affords.
The best test that can be applied to
Paine's Celery Compound is to use it.

**WARM FIGHT IN
SIXTH MICHIGAN.**

Fenton, Mich., May 29.—Congress-
man Samuel W. Smith has a hard fight
on his hand to secure re-nomination at
the Republican congressional conven-
tion of the Sixth district in session
here today. Though Smith appears
satisfied with the outlook, his principal
opponent, Arthur J. Tuttle of Ingham
county, is making a hard fight
and the result is a matter of doubt.
Congressman Smith is now serving his
third term.

Crosse was re-nominated here today at

enth congressional district.

Chippewa Falls, Wis., May 29.—In-
dications point to the re-nomination of
Congressman John J. Jenkins by the
Republicans of the Eleventh district
in session here today.

ANOTHER REFUGE CLOSED.

Washington, May 29.—Secretary
Hay today closed up one of the prin-
cipal places of refuge for criminals
committing crimes in the United
States, when he exchanged the final
ratifications with Walker Martinez,
the Chilian minister here, of the new
Chilian extradition treaty. The United
States never has had such a treaty
with Chilian, and some of the most not-
able defaulters and embezzlers from
the United States have found safety
in that country. It has been difficult
to secure a treaty and the negotiations
which led up to the drafting of this
arrangement lasted several years.

King Edward's First Speech.

The first speech ever made by King
Edward was delivered when he was 10
years of age, and was visiting New-
castle with his mother. A member of
the city corporation, from which body
Queen Victoria was receiving an ad-
dress, presented Albert Edward with a
handsome paper cutter, and at a
hint from the queen the prince faced
the municipal wise men and delivered
a speech of thanks, which was not re-
corded. His first "official" speech as
prince of Wales was made as he was
setting out, a youth of 18, on his tour
in this country.

Divorce in Europe.

Divorce was established in Germany
in 1875. From 1881 to 1885 the yearly
number of divorces was about 8,000,
while in late years it exceeds 10,000.
In England divorce was established in
1857. During the years 1858-1862 the
annual number was about 200; in 1894
about 550; in 1898 about 650. In Aus-
tria, where only non-Catholics can
apply for a divorce, the number of de-
mands for divorce increased 25 per
cent in four years, and in Belgium
about 20 per cent in four years.

Too Much for the Cobra.

Recently (says an Indian paper) a
large crowd, composed chiefly of Ka-
matis, assembled at Veysarpandy to
offer gifts of fruit and pour libations
of milk into the hole of a sacred cobra.
This is an unusual ceremony, and is
called "Nagala Chowty," or the
snake-feeding ceremony. Such a quan-
tity of milk was poured down that
the cobra, to escape drowning, darted
from its hiding place, scattering its
devotees, and took refuge in a bush
close at hand.

"Busy Season" for Patents.

This is the busy season with the
commissioner of patents. The busy
season in the patent office invariably
occurs between December and April.
Few would dream of a "busy season"
in the matter of applications for pat-
ents and would naturally suppose that
about the same number were filed one
month as another, but such is not the case.

Clown as an Undertaker.

Alphonse G. Caron lived as a clown
for a quarter of a century, traveling
with big circus shows in this country
and abroad. Now he has stepped from
gag to grave with a vengeance, having
opened an undertaker's establishment
uptown in New York. Caron's father
was a clown and his mother was Zan-
fretta, known to half of Europe as a
clever dancer and trapeze performer.

Russell Sage's "Bouncer."

Russell Sage employs a "bouncer"
nowadays—a giant who stands within
reach of everyone admitted to the
aged millionaire's private office. The
other day a man while talking to Mr.
Sage reached for his hip pocket. The
bouncer had him in an iron grip in
about a second. The man was only
reaching for a handkerchief.

Growing Rye in Alaska.

Three government agricultural stations
have been established in Alaska, and from all come more favorable
reports than were looked for. Though
the temperature last winter reached
70 degrees below zero, rye planted in
the fall was protected by several feet
of snow, and matured perfectly.

Their Family Name Was "Devil."

Eighteen peasants of the district of
Tscherdinsk, bearing the family name
of Dyavol (devil) have sent a petition
to the Czar asking for permission to
change the name to Bugolobow (God
beloved). The request was granted
them.

POLICE COURT.

A MALICIOUS ASSAULT CASE WAS DISMISSED THIS MORNING.

Judge Sanders had only two cases in police court this morning. The malicious assault case against Sam Bailey, colored, charged with having struck Henry Mitchell, colored, with a fence rail and seriously wounding him, was dismissed.

The evidence in the case showed that Bailey was walking along the street with a woman, when Mitchell began to curse the woman and struck at her. At this juncture Bailey interfered and Mitchell put his hand in his pocket as if to draw a pistol and then Bailey used the fence rail.

John Haffey, white, was fined \$1 and costs for drunkenness. He was fined that amount yesterday morning but the judgment suspended and last night was again arrested on a similar charge. The suspended judgment for \$1 and costs was enforced this morning against him.

PROBABLY A ROUSTER.

MATE ON THE CLYDE REPORTED ONE MISSING BEFORE BOAT LEFT.

No effort has been made to recover the body of the unknown man who walked or jumped off the Clyde night before last at the wharf. The supposition now is that it was a colored rouser on the Clyde.

Yesterday morning the mate had missed none of them, but later in the day, it is reported, found that he was a rouser short, and the missing man was no doubt the one who fell overboard. His name is unknown.
